Again we had a terrific time on our 1st Cruise of the season.

We had the meeting on Sunday morning and was well attended by those who came by car. And to top it off we had great weather. I am a little sad that I have not been able to attend any openings so far this season.

And now I found out that I have to have my gall bladder removed ASAP. The doctor here in Massachusetts where I am visiting my family thought he was going to remove it right away. But after some blood test decided I could wait until I got home.

The worst part is I can't eat anymore of the Fried Clam, I had been enjoying.

The best part is I can watch the boats while eating my bland, fatless foods.

I hope you are enjoying your summer and your boats, also look forward to our vacation cruise. Quite a few are going and a gang is going to the lobster feast at Mile River Yacht Club. Happy Cruising!

Well, our boating season is here and in full swing. I hope all of you have started enjoying your boats and have gotten out on the bay. Talking about enjoyment, I have had the pleasure of representing our club at seven of the flag raising official openings of yacht clubs around the bay. At Eastern and Ventnor we were presented with a plaque for the club coming the furthest distance by boat. I will bring them to the next meeting for all to see. Many clubs invite other club members, like our club, to visit them by boat, if they have any slips available, at a very reasonable rate. You may want to take advantage of this opportunity during this year's boating season. For more information feel free to contact me. Looking forward to seeing many of you at our cruises this summer.

Our first planned boat trip for the new season to Rock Hall was a great success. We had a good turn out of boats, great weather, and good food, as always. Saturday night poker game with Vera, Dave, Luigi, Fred and myself was a lot of fun, especially when I started to win all their money, Ha, Ha!. There were times that we were laughing so hard I thought we would surely wake up other boaters around us, seeing we played until 2:30 in the morning. It's times like this that turn boating members into good friends, as it has for me. I feel that it is moments like this that makes our club's boat trips so special, memories that you will never forget! I hope you have or will get many of them by being a member of our club.

Sun Shine Report

“Our prayers are with our members who need healing”

Candy and Jack still need our prayers

Mike Newnam had been in the hospital 5 times since last November for his heart. He is going to get a pacemaker and hopefully that will solve his problem with his heart. Our prayers are with him and Sue

Bruce Hamilton came through his operation for prostate cancer with a good report; he does not have to have chemo therapy. He is looking good and feeling better every day. Let's give him a big cheer for quitting cigarettes. He stopped when he went in for his operation.

Lois Hamilton had the mass in her chest removed and is not cancer. Hurray!

Stan Berkowitz continues with his chemo, and handling it well, but has slowed down quite a bit because of his heart being weak.

Cal Keeney & Janet Adamitis lost their Mothers.
